A BRIEF NOTE FROM THE EDITOR

Greetings, friends!

Thanks for picking up (or opening, I guess) this inaugural issue of your [toggle Gaming] newsletter. We hope this publication will become another communication channel for us, a way to stay connected to the community and, hopefully, be amused too.

In the coming months, we're want to hear from you, loyal [toggle] gamers, about how we can strengthen our group. How can we recruit more people to attend Tabletop Tuesdays? What kinds of events, games, and activities would you like to see us organize? Would you like to help?

Let us know by emailing info@togglegaming.com or speaking to one of the organizers next time you attend an event. In the meantime, **Drop in, Drink up, and Play on!**

Under the Influence

GEMINI (May 21-June 20): There are so many games to play, you can't decide. With Jackson ascending and FFG in the house of Asmodee, trust your friends to choose the games this month.

CANCER (June 21-July 22): Reach out to play a game with an old friend with whom you've lost touch, and your goodwill shall spread like ripples from a stone cast upon a tranquil pond.

LEO (July 23-August 22): Hidden identity games hold sway over you this month. Play them with the bold confidence that is the center of your character and enjoy being the center of attention.

VIRGO (August 23-September 22): Play Ameritrash or party games to challenge yourself. Minimize plays with Sagittarius and Pisces, though--you're looking for growth, not madness.

LIBRA (September 23-October 22): Balance gives you life and joy. Balance game types this month (coop/competitive, strategy/intuition) to build the harmony within as you create it without.

SCORPIO (October 23-November 21): Sometimes winning IS everything. Your future is drenched in the (likely) tears and (proverbial) blood of your foes. Let your might show them the way.

SAGITTARIUS (November 22-December 21): You herald change. Lead your gamers down new paths they would otherwise miss. Let your passion be their beacon and your arrow be their guide.

CAPRICORN (December 22-January 19): Look for open seats at the table of life and fill them, (but pass by Virgos). Your talent and passion will illuminate both the games and gamers you join.

AQUARIUS (January 20-February 18): You do so much for others, you owe yourself the chance to be helped! Co-ops, alliances, and team games will let your friends return some of that support.

PISCES (February 19-March 20): With Leacock waning, Pisces must avoid co-op tournaments. Dust off your old CCGs instead! Seek beloved Virgos or left-handed Capricorns to play against.

ARIES (March 21-April 19): You can help shepherd others through their delayed growth into Spring. Play *Seasons*, *Dead of Winter*, or *Spring Meadow* to get your friends over the gap.

TAURUS (April 20-May 20): As we exit Taurus, your feminine earth sign, play *Leaving Earth*, *Pillars of the Earth*, or *Last Night on Earth* with women you know to build your spiritual reserves.

Library Spotlight

The galaxy has been settled and colonies are being built, so everyone needs lots of plumbing parts! That's where you come in. Build your ship from the parts you need and fly it across the stars.

In *Galaxy Trucker*, an early game from famed designer Vlaada Chvátil (*Codenames*, *Through the Ages*), you and the other truckers build spaceships as quickly as you can, scrambling to find guns, shields, rockets, crew, and more. Then, when time has run out, you and the other truckers will blast off into space to try your luck, hoping that your ship survives meteors, pirates, space battles, and more -- that is, assuming you make it off the launch pad.

The [toggle Gaming] library has a copy of *Galaxy Trucker Anniversary Edition*, featuring lots of tasty expansions to sink your teeth into. Why not set it up next week?
